

West of Scotland Fibreoptic Airway Training

Previous Feedback

- **Excellent course - very useful to have multiple sessions of practical hands on experience, and very friendly faculty happy to answer all our questions.**
- **Very useful case discussion too - thanks very much!**
- **A really good and interactive course. Good balance between knowledge and skills practice throughout. Learnt great tips and new useful and smart airway techniques. Thanks a lot!**
- **I thought the course was brilliant, well planned and I thought each station had the correct amount of time and it was interactive and the faculty were great**
- **Really useful course for a procedure which is important but infrequently encountered.**
- **Overall really excellent course**
- **Great faculty. Hands on workshops very useful**
