

CRAC

Cadaveric Regional Anaesthesia and Airway Course

FEEDBACK

- "Lots of time for hands-on, proper guidance for scanning"
 - "Excellent, small group and lots of time to practice"
 - "Lots of good explanation and examples, plenty of feedback during scanning and tips to make things easier"
 - "Knowledgeable and approachable faculty and very well organised"
 - "Excellent faculty, great to practice on cadavers, good equipment and small group size"
 - "Well organised, prepared, attention to detail and looked after everyone"
 - "Good non-judgemental directions, friendly faculty"
 - "Good learning environment at a nice pace"
